Dear Friends,

On behalf of the Lung Cancer Research Foundation (LCRF), thank you for your generous contribution of \$200 received on March 12, 2018. With help from donors like you, we are making great headway in the fight against lung cancer, the leading cause of cancer death worldwide.

Although lung cancer is the number one cancer killer in the world, per death, lung cancer is the most underfunded type of cancer. LCRF supports innovative, high-reward research that might otherwise go unfunded. Our organization was founded with the intent to fund science that would help prevent, treat and cure lung cancer so others' loved ones wouldn't be lost.

There has been tremendous progress in the field of lung cancer research and we hope to continue this momentum as we work to eradicate this deadly disease. To date, we have funded 343 grants, totaling nearly \$35 million, the highest amount of funding provided by a nonprofit organization dedicated to funding lung cancer research.

Please accept my thanks and appreciation for your important support.

Sincerely,

Nancy M. Sanford  
Executive Director

*On September 30, 2017, the Lung Cancer Research Foundation (LCRF) and Free to Breathe (FtB) merged to further our impact on lung cancer research discoveries. LCRF's name will be retained to best reflect our shared mission: to improve lung cancer outcomes by funding research for the prevention, diagnosis, treatment and cure of lung cancer.*

## Sample, thank you

for your generous donation of \$200.00 to The Humane Society of the United States. Every dollar you donate makes a huge difference in the lives of animals in need.

**Welcome to The HSUS!** Your support helps protect animals from cruelty, rescues animals from neglect, and aids in relief during disasters. With your help, we're also putting an end to abusive practices such as dogfighting, puppy mills, seal slaughter, horse slaughter, animal abuse in factory farms and so much more.

It is because of kind and compassionate people like you that we're able to provide not only direct care for so many animals through our rescue operations, sanctuaries, and disaster relief, but most importantly, to speak out and drive change against cruel and inhumane practices. Your support and the inspiration it provides will bring about a more humane world for all animals.

While we have made great strides in animal protection, there is still so much more to do. Each important and worthwhile HSUS program can only happen because of you and your generous support. **We simply can't do it without you!**

Every victory is made possible because of donations like yours. Together, we are making a huge difference for animals across the country.

Again, on behalf of all animals everywhere, thank you so much!

Sincerely,

Wayne Pacelle

President & CEO, The Humane Society of the United States

P.S. In appreciation of your generous support, you'll soon receive your first issue of *All Animals*, where you can read fascinating animal stories, as well as updates on HSUS activities, helpful advice on caring for your animals and suggestions for helping animals in need.

Dear Friends,

Thank you for your generous donation to Make-A-Wish®. Your contribution will have a lasting impact on a child and the family as they face the uncertainties and sadness of a life-threatening medical condition. Your gift will change their lives in a way nothing else can.

Seventeen-year-old wish kid LaKayla never imagined a life with cancer. After a diagnosis of stage four malignant neoplasm she spent two years fighting for her life. The pain and treatments she experienced were excruciating and often took every ounce of her energy.

When LaKayla was asked the all-important question “what is your one true wish,” she knew right away she wanted an experience that would allow her to share her ability to persevere and belief that she could beat cancer. LaKayla’s wish was to perform her battle anthem, *Fantasy*, in a music video. She describes her wish like this:

“Make-A-Wish rolled out the red carpet for me and I felt like a star. I was having a rough day medically and was in a lot of pain, but once I took the stage for my performance in front of 200 people, my energy was restored as my wish became reality. **It’s surreal to be in such a dark and scary place fighting for your life and then to be given the opportunity to live out your one true wish. It was an incredible day that I will never forget. It was that day that gave me so much hope and provided me joy that I hadn’t felt in so long.** Wishes allow us to, even for a moment, forget about our illness and just live life with the hope, strength and joy that wish kids deserve.”

**YOU** are the reason that wishes like LaKayla’s are possible. On behalf of every wish kid, and everyone at Make-A-Wish I thank you for choosing to *share the power of a wish*®

Sincerely,

During the past year, thanks to you and our other generous donors, we have been able to:

- Invest **\$2.7 million** to support the training of early-career scientists who could change the way we treat Parkinson's;
- Invest **\$600,000** to solve the debilitating PD symptoms like fatigue and dystonia that the PD community told us were important through our Community Choice Research Awards;
- Train **325** patient leaders who through partnerships with institutions and researchers accelerate new treatments;
- Train more than **20,000** health professionals, including nurses and occupational and physical therapists, to bring "best-practice" care to their patients;
- Help more than **30,000** individuals that utilized our educational programs, including our HelpLine, publications and online seminars, to stay informed.

It is your investment that has enabled us to fund the very best research, and programs that meet the needs of people with Parkinson's, caregivers and families alike. I hope you feel a sense of pride in what we are able to do together for the millions of people who live with Parkinson's disease.

Dear Supporter of Lysa Buonanno,

The best part of my day is when a donor like you makes it possible to give hope to one more patient who has been diagnosed with lung cancer.

Because of your donation of \$100.00 to the Las Vegas Free to Breathe event on July 24, 2017, thousands of patients are empowered to make sense of their diagnosis and learn about their treatment options. And these options have expanded because you have helped fund groundbreaking research and access to clinical trials.

I wanted to share with you a few comments from people whose lives you've impacted:

"(The Free to Breathe event) was the first time I was able to connect with other lung cancer survivors, and it was a powerful and rewarding experience."

"Seeing the new drugs that are out now and being used in the treatment of lung cancer that are specific for certain mutations is so incredible. Seeing a friend benefit from those medications is awesome."

"If not for research, this summer I would have probably heard the words, 'there's nothing more we can do.' Because of targeted therapy, I have a future."

"Free to Breathe has given me a new outlook about what it means to be a survivor."

Thank you for your gift to Free to Breathe. You are helping save lives. You are giving people hope. You are making a difference.

With heartfelt appreciation,

Joan H. Schiller, MD
