

Thank you!

Dear Sample Czar Inc,

Thank you for your recent gift of \$300.00 to the battle against cancer. More people are surviving cancer today than ever before and continued advances in prevention, early detection, and treatment promise greater hope for the future. Your donation makes our work possible.

Dear Sample Czar,

Thank you for your recent donation of \$100.00. Thanks to your generosity, the West Michigan Cancer Center can continue to serve cancer patients with excellent medical care close to home—to provide hope and healing.

Each year our center serves more than 2,500 new patients and has 15,000 contacts through our survivorship and education programs---this is only possible thanks to supporters like you. For instance:

Your donation supports the beloved West Michigan Cancer Center coffee cart, a service that provides nourishment, and maybe a small treat, to our patients and their families as they visit our center.

Your donation supports the West Michigan Cancer Center's efforts to prevent and detect cancer. Each year we coordinate free cancer screenings and educational campaigns. For example, in September 2014 we kick off the 8th program year of *Pink Saturdays*. This year we expect *Pink Saturdays* to provide 1,000 free mammograms to women here in Southwest Michigan.

Your donation makes a difference. It makes a difference for our center and for the thousands of individuals we serve. Thank you.

Warm Regards,

Dear Friends,

Thank you for your recent donation to the American Sexual Health Association. Your gift ensures that ASHA can keep leading the way toward creating a **sexually healthy nation**.

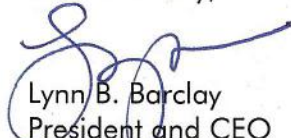

In our 100th year, ASHA continues to envision a world where **sexual health and reproductive rights are universally recognized**, and where **comprehensive sexual health information and services are accessible and available to everyone**. Your donation of \$25.00 brings us closer to this goal.

At ASHA we imagine **a time when stigma is no longer associated with sexual health** and our nation is united in its belief that **sexuality is a normal, healthy, and positive part of human life**. Because of your generosity, we are able to provide information and services to help individuals be sexually healthy, even when they receive a difficult diagnosis. We know our work is paying off when we receive emails like this:

"Now I accept my herpes diagnosis and I know it isn't the end of the world. I know I am stronger and can overcome this, and I want to give this message to others with STDs: you can overcome this and be stronger than ever."

Together we are creating a new conversation that affirms this message: *Sexual Health – No Shame. No Silence*. You are part of making that message a reality, and I thank you.

Dear Sample Czar, Inc.,

I would like to thank you for your generous \$100 gift on behalf of Samantha Mixon. Your support furthers our mission of saving lives and advancing research by empowering those living with and at risk for lung cancer.

With your help this year we will bring about the most profound life-saving change ever for our disease. The tide is turning with historic legislation to fund research, the establishment of a federally-funded lung cancer research pipeline with nearly \$80 million secured to date and the first-ever education campaigns igniting a national dialogue about our disease. Furthermore, scientifically-validated lung cancer screening is now underway at more than 220 centers of excellence providing responsible screening to those who need it most (www.atriskforlungcancer.org).

We will continue to build on these accomplishments by:

- Providing 360° support, information and referrals to the newly diagnosed, those at risk and their families.
- Building community by reaching thousands through Shine A Light on Lung Cancer, Lung Love Run/Walk and Team Lung Love events. To get involved and find an event near you, visit <http://www.lungcanceralliance.org/events/>.
- Educating about the disease, risk and early detection through award-winning education campaigns.
- Advancing responsible screening and research with medical facilities nationwide.
- Securing equitable access, coverage and reimbursement for screening, treatment, diagnostics and testing. You can make your voice heard now by signing our petition to President Obama to ensure at-risk seniors have access to lifesaving lung cancer screening at www.capwiz.com/lca.

These priority activities made possible with your support will make the difference in saving lives today—while advancing lung cancer research. Again, thank you for your support of our life-saving work. We look forward to reporting our progress to you in the year ahead!

Sincerely,

Laurie Fenton Ambrose
President and CEO

P.S. I would also like to invite you to join us in Washington, D.C. for our 6th National Lung Cancer Survivor Summit September 7-10, 2014. The deadline to apply is July 31st and all are welcome! For more information and to register, please visit <http://www.lungcanceralliance.org/events>.

On behalf of **Parkinson Voice Project**, thank you for the generous donation of \$300.

Parkinson Voice Project is committed to helping people with Parkinson disease improve their ability to speak effectively. By improving the strength and coordination of the speech mechanism, our patients are able to maintain their employment to support their families, continue their volunteer activities to serve the community, and carry on meaningful conversations with their family and friends. Improving their ability to communicate has a direct effect on the quality of their lives.

Since Parkinson's is a progressive disease, maintaining one's speech and swallowing abilities is an on-going challenge. Your gift allows us to meet that challenge and continue to serve the Parkinson community in the Dallas Area. Thank you, again, for your support.

With warm regards,

Samantha

Dear Douglas,

Over the last thirty-one years, AIDS Foundation Houston (AFH) has grown from a volunteer based grassroots organization into a multi-faceted health and human services organization that provides direct services to nearly 6,000 men, women, and children in the Houston community.

Your donation of \$25 means that those living with HIV/AIDS in our community will receive the housing, testing, prevention education and supportive services needed to maintain a healthy life. Your donation will also enable us to continue to provide services to over 90,000 individuals and families affected by HIV/AIDS.

AIDS is still a crisis in this country. Over one *million* Americans are living with HIV or AIDS and over 50,000 Americans are infected with HIV each year. Houston has the eighth largest HIV/AIDS population in the country and a poverty rate that is almost twice the statewide average. ***Your donation enables us to make a difference.***

As the face of HIV changes, so does AFH. Our volunteers, staff and advocates are committed to empowering individuals, families and communities affected by HIV/AIDS. We believe in a future free of new HIV infections and a place where individuals affected by HIV/AIDS can lead healthy and productive lives without stigma and discrimination.

Dear Friends,

Our work would not be possible without people like you. On behalf of the staff, Board of Trustees and those served by AIDS Resource Center Ohio, please accept our sincere gratitude for your recent donation of \$25.00. Your gift is tax-deductible as a charitable donation to the fullest extent allowable by law.

Please note that tax law allows you to claim a charitable deduction for your gift to the extent that the amount you contributed exceeds the value of goods or services received. No goods or services were received as part of this donation.

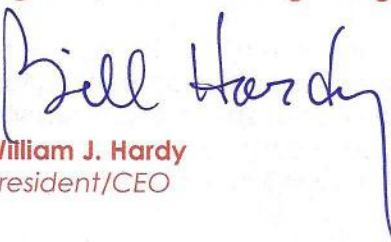

Thanks in part to your generosity ARC Ohio is able to continue to find and link HIV-positive individuals to care. Today, through 13 regional offices, ARC Ohio is serving nearly 4,200 HIV-positive Ohioans. The recent opening of the ARC Ohio Medical Centers and Pharmacies in Dayton and Columbus are transforming HIV care and our organization. And we are intensifying our HIV testing and prevention efforts, especially among those most at risk.

We cannot stress enough how crucial your support is to our mission and services. Thanks to you today and every day, we provide a comprehensive approach to address the physical, emotional and social needs of those living with HIV and AIDS in a way that will result in hope, healing and empowerment through:

- **Awareness**—Providing 300 free 20-minute HIV tests per month; and by providing evidence-based prevention and testing to those most impacted.
- **Advocacy**—Fighting for access to medications and care, and for equitable prevention and testing resource, especially among populations most impacted.
- **Care**—Assisting nearly 4,200 HIV-positive individuals—and 45 more each month—with housing, counseling, treatment, medications, and other supportive services.

Thank you, again, for being part of our life-sustaining work.

Together, we are leading the fight!

Dear Friends,

I deeply appreciate your continuing commitment to supporting people with HIV/AIDS. Your gift of \$25, which we received on 07/09/14, will go directly toward helping men and women in our community living with HIV/AIDS.

With your support, APLA offers the most comprehensive set of services to people living with HIV disease in Los Angeles County—services like our Necessities of Life Program food pantries that offer nutritious groceries and our APLA Dental Services which provide a full range of dental care.

As the number of people with HIV/AIDS in Los Angeles County increases from year to year, the need for our services also grows. It is only with your support that APLA will be able to reach out to improve the lives of people affected by HIV disease, reduce the incidence of infection, and advocate for fair and effective HIV-related public policy.

Thank you for your continued commitment and compassion for people in our community who need our help.

With many thanks,

Craig E. Thompson,
Executive Director
